Internal Transaction Requests

Add Internal Tr eForm

Procedure

In this topic you will learn how to Add an Internal Tr eForm.

Step	Action
1.	Internal Transactions eForms
	Users will complete Internal Transaction eForms for two purposes:
	1. ITs are used to charge an internal department for services/products provided by a cost center; and/or
	2. ITs are used to transfer costs from one department to another. Examples for this include mail, supplies, etc.

Attachments required if Status 1	Action		· · · ·	ovided.	File Name 🗘			1 row

Step	Action
33.	Enter the Total Amount that will be charged to the receiving department.
	The Initiator may continue to enter the SpeedType and Account number for the department receiving the products or services. However, this is <u>not</u> required.
	Enter the desired information into the Amount field. Enter " 50.00 ".
34.	NOTE: The File Attachment Section appears below the Debit section. Attachments are RECOMMENDED but not required. Attachments will benefit both departments as well as Accounting Services as the attachments remain with the documentation in PeopleSoft and paper copies would not be required. Select the Upload button to choose and attach the departments invoice. Multiple attachments may be added by selecting the Add button below the Attachment grid section. If the user chooses to remove an attachment, the user would select the Replace button that appears on the right side of the attachment row. It is only active once an attachment has been added.
